

I use  
**IDEA.**

**Emmanuel Drié, CIA**

Internal Audit Manager  
The Ascott Limited,  
Europe

“Our auditors have greatly improved their efficiency by using IDEA. For instance, our testing of detective controls is now implemented on much larger samples, plus many of our reconciliation tasks have been automated. We spend less time on producing relevant audit information which gives us more time for the analysis!”

The Ascott Limited is the world's largest international serviced residence owner-operator with over 19,000 operating serviced residence units in key cities in Asia Pacific, Europe and the Gulf region, as well as approximately 6,000 units which are under development, making a total of more than 25,000 units.

IDEA can read, display, analyze, manipulate, sample or extract from data files from almost any source. Lower your audit cost, add more quality to your work and meet professional standards.
