

MOVE UP TO
BETTER ASSURANCE,
REPORTING AND ANALYSIS

Accountants and auditors in practices large and small, in corporations, and government recognize CaseWare International as the premier creator of assurance, reporting and analysis tools. Used in over 130 countries, CaseWare's advanced solutions help accounting professionals establish a new level of efficiency and effectiveness.

PAPERLESS ENGAGEMENTS

WORKING PAPERS

With **CaseWare Working Papers**, you can eliminate paper completely. Engagements are planned, performed and reviewed **entirely on screen**.

SmartSync

CaseWare SmartSync takes collaboration to a whole new level. No matter where staff members are, this one-of-a-kind tool keeps everyone's work in **perfect harmony**.

CONNECTOR

CaseWare Connector is a quick and easy way to link Working Papers information into documents generated by **Microsoft Word** or **Excel**.

SMARTER AUDITING

AUDIT

Whether local or global content, **CaseWare Audit** can take your audit process to the next level. You can use our built-in content or add your own to our **Audit System** platform.

REVIEW

CaseWare Review is a powerful and efficient "out-of-the-box" solution for performing review and compilation engagements.

RISKSPACE

Convenient and free, **CaseWare RiskSpace** is an online community that helps you identify and share risks, related controls and management letter comments.

NEXT-LEVEL REPORTING

Whether IFRS or local GAAP, full or SME, **CaseWare Financials** lets you automatically create customized financial statements with less work and more efficiency.

Efficient and highly-flexible, CaseWare's **fully-embedded XBRL solution** makes it easier than ever to generate, analyze and share CaseWare-created financial statements.

DATA ANALYSIS

With **IDEA**[®], you can lower your cost of analysis, add more quality to your work and meet the new professional requirements regarding fraud and internal control.

Fully scalable, **IDEA Server** provides enterprise level data analysis, with the ability to effectively process huge files, while maintaining the familiar, easy to use IDEA interface.

IDEA Smart Analyzer – Financial is a collection of basic audit tests and reports that can be run by any auditor with a minimum amount of training.

CONTINUOUS MONITORING

CaseWare Monitor provides a comprehensive software framework for efficiently monitoring controls across all business processes in all types of businesses and government.

PRACTICE MANAGEMENT

Adaptable for any number of users through the power of SQL, **CaseWare Time** has everything you need to manage your practice easily and efficiently.

CaseWare Today links data from Time to Outlook's contact management and personal management features, with no need for duplicate records.
